

Executive Director of Neoenergia**Personal profile and educational background**

Holds a degree in Electrical Engineering from the Federal University of Itajubá and an Executive MBA from COPPEAD and Strathclyde Business School (Scotland – UK) & ICADE (Spain). He has more than 20 years of experience in executive leadership positions.

Experience in the energy sector

Energy sector executive with over 25 years of experience across the Generation, Transmission, and Distribution segments. He spent 10 years at ENEL working in the generation and transmission businesses, covering all stages of the project lifecycle, including development, construction, and asset operations.

He has been with the Neoenergia Group since 2009, having held executive positions in Projects, Operations, Engineering, and New Business, and also served as Chief of Staff to the Group's Presidency. He currently serves as Executive Director of Generation and Transmission and as a member of the Executive Board, reporting directly to the CEO. In addition to overseeing the Generation and Transmission businesses, he also leads the Group's high-voltage expansion projects for distribution companies and the Environmental area.
